Dear Devotees,

Passover is a celebration of freedom. It commemorates the exodus of the Israelites from slavery. For one person to gain freedom is a miracle — for a million people, it is a spiritual masterpiece. This morning Narendra shares the story of Passover, how to go beyond slavery into freedom.

The ultimate gift of the grace that we receive on Pesach (Passover) is its enormous transforming power. On Seder night, we awaken to the knowledge

that the energy of Divine grace can completely transform our lives in a moment. When the Divine Will descends into our hearts, God's presence is revealed amid the darkness of this physical reality. This descent creates a powerful arousal of the spark of Divine Life within us. On Seder night, this spark is fanned into a glowing flame.

There is no real life, no real freedom without God. Whatever you are doing or thinking, God must always be uppermost in your mind. When you are in tune with God, you can accomplish all of your goals. You must always remember this. God's methods are not those of an Almighty Being always seeking to punish us. He has created us out of His love, and He has given us the freedom to seek Him or not. We must work out our own destiny with His help.
